

4 LIFE'S MUST HAVES

WHAT HAPPENS WHEN?

YOU ARE INCAPACITATED AND...

- An urgent financial matter occurs?
- Healthcare decisions are needed, who decides?
- A critical care decision has to be made, what kind of care do you want (or should they just let you go)?

YOU NEED LIFE'S 4 MUST HAVES:

- 1: A Durable Financial Power of Attorney
- 2: A Durable Healthcare Power of Attorney
- 3: An Advanced Directives document

LIFE'S 4TH MUST HAVE IS FOR EVERYONE:

- The day will come when the question becomes: "What Happens Next?" (After you are gone.)
- You don't want to face that day without knowing the answer.
- The answer will be either the government's plan called probate, or having a customized plan you control called a Revocable Living Trust.

WHO'S PLAN DO YOU WANT?

For every \$100,000 in estate assets, you could spend as much as \$10,000 in probate costs for appraisals, attorneys, court fees, and more.

Probate court is time consuming, stressful and completely open to the public! Without a plan, you are jeopardizing your family's privacy and exposing your family to unnecessary risks.
